FLEXIBLE SPENDING ACCOUNTS

AN FSA IS AN ACCOUNT THAT ALLOWS YOU TO SET
ASIDE PRE-TAX FUNDS TO PAY FOR ELIGIBLE EXPENSES.¹

Health Care FSA

Pay for eligible **medical**, **vision**, and **dental** expenses that are not covered by another health plan.

Dependent Care FSA

Set aside pre-tax funds to pay for **daycare** expenses for children or other eligible dependents

FSA SAVINGS

TAX SAVINGS ON ELIGIBLE PURCHASES

With an FSA, you save approximately 30%* on your eligible expenses, making a \$1,000 expense cost you about \$700.

*This tax example is a broad approximation of tax liability. Your specific savings depend on your tax bracket. You should consult a tax advisor for help with your own situation. Current IRS tax laws control all pre-tax payment and contribution matters and are subject to change.
